

Correction to Systematic and Quantitative Investigation of the Mechanism of Carbon Nanotubes' Toxicity toward Algae

Zhifeng Long, Jing Ji, Kun Yang, Daohui Lin,* and Fengchang Wu*

Environ. Sci. Technol. **2012**, *46*, 8458–8466; DOI:10.1021/es301802g

Equation 4 was typed wrong. This equation is shown in the fourth line from the bottom, left column on page 8464. The correct expression for the equation should be

$$X_{\text{Oxidative}} = \frac{I_{\text{CNTs-Light}} - 79.7 \times \text{OD}_{\text{CNTs}} - I_{\text{CNTs-Dark}}}{I_{\text{CNTs-Light}}} \times 100\%$$

The $X_{\text{Oxidative}}$ values in this paper were correctly calculated. Thus, our results and discussion were not affected.
