

Volume 49, Issue 14

Experimental and Theoretical Studies of a Dividing-Wall Column Used for the Recovery of High-Purity Products.Gerit Niggemann,^{*,†} Christoph Hiller, and Georg Fieg*Institute of Process and Plant Engineering, Hamburg University of Technology, Schwarzenbergstrasse 95c, 21073 Hamburg, Germany*

Page 6570. For this article, the following correction is made.
Equation 1 should read as follows:

$$\frac{Q_{\text{loss},i}}{L_i} = 0.55 \text{ W m}^{-1} \text{ K}^{-1} (T_i - T_{\text{ambient}}) \quad (1)$$
