Page 4763, left column, line 14. (Figure 2) should be inserted at the end of the sentence.

Page 4763, right column, line 10. (Figure 3) should be changed to (Figure 4).

Page 4763. Figure 2 should be labeled Figure 3 to correctly correspond with the discussion in the text.

Page 4764. Figure 3 should be labeled Figure 2 with the following caption: “Emissions of HFE-7500 in the Kanto Plain. Each color represents atmospheric emission rate in units of milligrams per second.” Also, the key for this figure should show units of mg/sec instead of $\mu\text{g}/\text{m}^3$.

These modifications have no impact on any of the predicted concentrations or conclusions in the paper.
