

## Correction to Reactive Uptake and Photo-Fenton Oxidation of Glycolaldehyde in Aerosol Liquid Water

T. B. Nguyen,\* M. M. Coggon, R. C. Flagan, and J. H. Seinfeld

*Environ. Sci. Technol.* **2013**, 47 (9), 4307–4316. DOI: 10.1021/es400538j

The Henry's law constant ( $k_H$ ) of glycolaldehyde, adapted from *Betterton and Hoffmann* (1988), should have been written as  $4.14 \times 10^4 \text{ M atm}^{-1}$  instead of  $4.14 \times 10^5 \text{ M atm}^{-1}$ .
