Brian G. Rahm and Ruth E. Richardson*: Correlation of Respiratory Gene Expression Levels and Pseudo-Steady State PCE Respiration Rates in *Dehalococcoides ethenogenes*

Due to a production error, the legend of Figure 2 was missing from the published manuscript. The figure, as provided by the authors, is presented below with the legend present.

FIGURE 2. Expression profiles of selected gene transcripts over time in PSS microcosms. Hours 6–18 are identified as pseudo-steady-state. Error bars represent standard deviation of triplicate microcosms. Profiles of additional targets are provided in Figure S1 in the Supporting Information.
