

Correction to Chemistry Outreach Project to High Schools Using a Mobile Chemistry Laboratory, ChemKits, and Teacher Workshops

Gary L. Long,^{*} Carol A. Bailey, Barbara B. Bunn, Carla Slebodnick, Michael R. Johnson, Shad Derozier, Susanne M. Dana, and Julie R. Grady

Journal of Chemical Education **2012**, 89 (10), 1249–1258. DOI: 10.1021/ed200185e

The original list of authors for this article unfortunately omitted two additional contributors, Susanne Dana and Julie Grady and should appear as it does in this Addition and Correction. These authors were both teachers affiliated with the program for the first two years. They helped adapt and adopt experiments from the Science in Motion Project of Juniata College. They also taught in three of the seven workshops.

The correct list of authors with their affiliations is as follows:

Gary L. Long,^{*,†} Carol A. Bailey,[‡] Barbara B. Bunn,[†] Carla Slebodnick,[†] Michael R. Johnson,[†] Shad Derozier,[†] Susanne M. Dana,[§] and Julie R. Grady[‡]

[†]Department of Chemistry, [‡]Department of Sociology, Virginia Tech, Blacksburg, Virginia 24061, United States

[§]Blacksburg High School, Blacksburg, Virginia 24060, United States

[‡]Rural STEM Education Center, Arkansas State University, State University, AR 72467, United States
