Ind. Eng. Chem. Res. **2011**, *50*, 13012–13020. DOI: 10.1021/ie200369r

This erratum presents an addition to the original article. Two schematic figures (Figures 1 and 2) and some text of the experimental protocol on the preparation of negative PDMS replica of leaf in the Experimental Section were inadvertently published in almost-identical form (but with different preparation conditions) to that in a thesis by Ipshita Banerjee.¹ The authors also inadvertently omitted the citation to this work. The authors sincerely apologize to the editors, reviewers, and readers of the journal, and to the thesis author for this oversight.
