

Correction to A Computational Study of Rare Gas Clusters: Stepping Stones to the Solid State

Eric D. Glendening and Arthur M. Halpern*

Journal of Chemical Education **2012**, 89, 1515–1521. DOI: 10.1021/ed300235j

Equation 1 on p 1516 is missing 4ϵ . It should read

$$V_{\text{LJ}}(r) = 4\epsilon \left[\left(\frac{\sigma}{r} \right)^{12} - \left(\frac{\sigma}{r} \right)^6 \right]$$
