**Fluidized Bed Methanation of Wood-Derived Producer Gas for the Production of Synthetic Natural Gas.** Martin C. Seemann, Tilman J. Schildhauer,\* and Serge M. A. Biollaz

Pages 7034–7038. Because of a production error, this paper, which was scheduled to be part of this ISCRE special issue of *Industrial and Engineering Chemistry Research*, was published earlier this year, prematurely. This paper should be considered to be a contribution to the ISCRE special issue (Volume 49, Issue 21).
