

Experimental Investigations of Oxidation Stability of Biodiesel Produced from Manketti Seeds Oil (*Schinziophyton rautanenii*)

Thomas T. Kivevele* and Makame M. Mbarawa

Energy Fuels **2011**, 25 (5), 2341–2346, DOI: 10.1021/ef200243e

Published April 12, 2011. This manuscript was retracted from publication by the Editor-in-Chief of *Energy & Fuels*. The reason for the retraction was a violation of the Ethical Guidelines to Publication of Chemical Research by the American Chemical Society because of some self-duplicated text and data, which were previously published in another publication (Kivevele, T.; Agarwal, A. K.; Gupta, T.; Mbarawa, M. Oxidation stability of biodiesel produced from non-edible oils of African origin. *SAE Tech. Pap.* **2011**, DOI: 10.4271/2011-01-1202).
