

## Correction to Feather Meal: A Previously Unrecognized Route for Reentry into the Food Supply of Multiple Pharmaceuticals and Personal Care Products (PPCPs)

D. C. Love,\* R. U. Halden, M. F. Davis, and K. E. Nachman

*Environ. Sci. Technol.* **2012**, *46*, 3795–3802; DOI:10.1021/es203970e.

**T**he number of turkeys raised each year in the United States is 247 million, not 80 million as indicated in the Introduction.

In the Methods section, a feather meal sample was misidentified as being from North Carolina, when in fact the sample was from Pennsylvania. Table 1 remains correct, reporting the origin of the sample as from Pennsylvania.
