Additions and Corrections

Bo Pan, Daohui Lin, Hamid Mashayekhi, and Baoshan Xing*: Adsorption and Hysteresis of Bisphenol A and 17α-Ethinyl Estradiol on Carbon Nanomaterials

The equation for calculating r_{adj}^2 was typed wrong. This equation is shown in the ninth line from the bottom, left column on page 5481. The correct expression for the equation should be

$$r_{adj}^2 = 1 - [(1 - r^2)(m - 1)/(m - b - 1)] \qquad (1)$$

The r_{adj}^2 values in this paper were correctly calculated in the software of SigmaPlot. Thus our results and discussion were not affected.
